1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 8, line 2 --portion-- has been inserted after "base".

2. The following is an examiner's statement of reasons for allowance: the inclusion in the claims of a stretchable material combined with the base portion and the base portion having a cut-out section to permit flexing is seen to define the claims over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Note particularly, the head engaging elements of the headgears of Alesi, Garneau, Erlendson, Daly, Simpson et al., Zbikowski and Raney, the shape of the neck elements of Jurga et al. and Morgan, the webbing of Broersma and the padding of Sundahl et al. and Sperber.
